(Table 26)

| College <br> Graduate School | Number of Rooms |  |  | Total Area ( $\mathrm{m}^{2}$ ) | Average Area per Room ( $\mathrm{m}^{2}$ ) |  | Number of Full-time Faculty <br> (B) | Individual Office Rate (\%)$(\mathrm{A} / \mathrm{B} * 100)$ | Average Area per <br> Faculty Member ( $\mathrm{m}^{2}$ ) | Remarks |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Individual Office (A) | Shared | Total |  | Individual Office | Shared |  |  |  |  |
| College of Asia Pacific Studies | 68 |  | 68 | 1,593.5 | 23.4 |  | 58 | 100 | 23.6 | ※University Notes 1 |
| College of International Management | 42 |  | 42 | 999.5 | 23.8 |  | 40 | 100 | 23.8 |  |
| Center for Language Education | 12 | 3 | 15 | 895.0 | 21.8 | 211.1 | 64 | 19 | 14.0 | Faculty without individual office: 53 |
| Education Development and Learning Support Center | 13 |  | 13 | 309.4 | 23.8 |  | 10 | 100 | 23.8 |  |
| Total | 135 | 3 | 138 | 3,797.4 |  | 211.1 | 172 | 78 | 22.1 |  |

Notes:

1. List information for all faculty offices owned by the colleges and graduate schools in the "Number of Rooms" and "Total Area" columns.
2. Calculate the "Average Area per Room" for all faculty offices, and calculate the "Average Area per Faculty Member" for faculty offices being actually used by full-time faculty members of colleges and graduate schools.
3. If the number of individual offices exceed the number of full-time faculty members, enter the individual office rate as $100 \%$.
4. Enter the number of faculty members who do not have individual offices in the "Remarks" column.
[University Notes]
1 In this data sheet, the President, who is counted as a full-time faculty member in the College of Asia Pacific Studies in other data sheets, is not included.
